The UO Department of Philosophy is pleased to announce a new Minor in Ethics (begins Fall 2015)
Why minor in ethics?

• First, it’s a big value-add to your degree.

• The study of ethics gives you a vocabulary for grappling with important organizational, social, and justice-related issues that will constantly be on the table in your future careers.

• An Ethics Minor helps you distinguish yourself to future employers and internships with a degree that will stand out from hundreds of other applicants with a B.A. in your field.
Why minor in ethics?

• Second, it’s a path to personal enrichment!

• Better understand the ethical dilemmas and political debates central to your life.

• Avoid being a jerk by accident – learn how to be nice naturally!

The unexamined life is not worth living.
